### Michel Juvet to become a Partner in Bordier & Cie with effect from 1 January 2012

Bordier & Cie's Partners have announced the appointment of Michel Juvet as a jointly and severally liable Partner with effect from 1 January 2012.

Michel Juvet is 51 years old and joined the Bordier & Cie group in 1984. A natural innovator, he took an early interest as an analyst in the Asian and Japanese markets before driving the creation of new Bordier & Cie funds in Luxembourg. He reorganised the Research department in 1995 and has been its Director ever since. He was appointed to the Management Committee in 1998.

Grégoire Bordier, one of Bordier & Cie's Partners, said, "The other Partners and myself have unanimously agreed to appoint Michel Juvet as a new Partner in our firm. Michel has made a huge contribution to developing Bordier & Cie and enhancing its reputation. This appointment is a fitting reward for his exemplary career and human values – values which are essential to private bankers like ourselves: a passion for doing the job well, ethics, expertise and honesty. At the same time, Michel has maintained an innovative and critical mind and down-to-earth Swiss common sense."

By appointing Michel Juvet as a jointly and severally liable Partner, Bordier & Cie is securing the long-term quality and independence of its Research team, which continues to be a benchmark in the Swiss banking world. This appointment bolsters Bordier & Cie's management team, which is responsible for setting strategic direction and generating innovative ideas for the banking group as a whole, equipping it to face the many challenges that lie ahead.

#### **Bordier & Cie**
